

HTK Consultants, Inc.

RÉSUMÉ

NAME: JESSE L. (JAY) DAVIS
BIRTH DATE: January 23, 1954
CITIZEN OF: U.S.A.

EDUCATION:

- B.S. in Ocean Engineering - Texas A&M University - College Station, TX (1976)

SPECIAL SCHOOLS/ SOCIETIES:

- Member of SPE, AADE, and API
- API Advisor (1989 - 1994) and Chairman for Student Affairs (1990/1991)
- Registered Professional Engineer, Texas (No. 63093)

OILFIELD EXPERIENCE: (1976 to present) 37 years

- **Senior Vice President - HTK Consultants, Inc.**
Domestic and International (1996 - present)

Joined HTK Consultants, Inc. to work with established clients as well as solicit new business particularly in onshore drilling and completion projects. Provide total project engineering and management for drilling, completion, and workover operations in the Gulf Coast area. Clients include American Exploration, Cockrell Oil Corporation, Southwestern Energy, Transworld Exploration & Production, Total E & P, Erskine Energy, BP, Century Exploration, W&T Offshore, Phoenix Exploration, Forest Oil, PetroQuest and Vess Oil Corp..

- **Drilling Manager - Seagull Energy E&P, Inc.**
Texas, Louisiana, Oklahoma, and Arkansas land and OCS waters (1990 - 1996)

Served as Drilling Manager for Houston, Amarillo, and Shreveport offices. Supervised and coordinated the efforts of drilling engineering staff and drilling foremen which generated AFE's and well plans and executed drilling, completion, and workover projects. Monitored joint interest AFE's and operations. Represented Drilling Department and coordinated operations with other involved departments.

- **Staff Drilling Engineer - Elf Aquitaine Petroleum**
Texas and Louisiana Gulf Coast (1988 - 1990)

Generated AFE's, design prognoses, and executed drilling, completion, and workover projects. Monitored daily activity and supervised field personnel involved in projects. Responsible for all permitting and regulatory affairs for OCS wells. Provided critical operations on-site technical supervision.

- **Drilling Superintendent - Texoma Production Company/Midcon /Apache Corp.**
Texas and Louisiana (1984 - 1988)

Supervised drilling operations both onshore and offshore. Responsible for supervision of all aspects of drilling operations from initial prospect development through drilling and completion of wells.

- **Drilling Engineer - Texas Oil and Gas Company**

Texas and Louisiana Gulf Coast (1981 - 1984)

Generated drilling plans and AFE's for TRC Districts 3, 5, and 6 and onshore SW Louisiana exploratory and development wells. Responsible for permitting wells, contracting rigs, and supervising location construction. Served as a relief-drilling foreman. Introduced the use of the personal computer in the field as a tool for improved efficiency. Provided on-site technical assistance and monitored daily drilling progress.

- **Senior Drilling Engineer - Superior Oil Company**

Texas and Louisiana Gulf Coast (1980 - 1981)

Generated drilling plans and AFE's for central Gulf Coast area exploratory and development wells. Provided on-site technical assistance and monitored daily drilling progress.

- **Drilling Engineer - Anadarko Production Company**

Texas and Louisiana Gulf Coast (1980)

Generated drilling plans and AFE's for onshore TX/LA and OCS exploratory and development wells. Provided on-site technical assistance and monitored daily drilling progress.

- **Drilling Engineer - Amoco Production Company, Lafayette, LA**

Louisiana Gulf Coast (1978 - 1980)

Worked on 7/7 schedule as drilling foreman for both drilling and completion operations.

- **Production Engineer - Amoco Production Company, Lake Charles, LA**

Louisiana Gulf Coast (1977 - 1978)

Evaluated productivity for inland and onshore oil and gas fields. Planned well completions and identified opportunities to increase production. Trained for six months as drilling engineer. Evaluated offset drilling data and designed drilling programs using inland water workover and drilling rigs.

TYPE OF RIGS WORKED ON:

Land	Cable Tool	Air Drilling	Jack-ups	Snubbing Drilling
Inland barges	Platform rigs	Semi-submersibles		Submersibles

POSITION QUALIFICATIONS FOR CONSULTING WORK:

Drilling Supervisor	Drilling Manager	Drilling Engineer
---------------------	------------------	-------------------

ADDITIONAL:

Extensive industry school education. (List available on request)
